Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 4 and 7 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Kwon et al. Regarding claim 4 Kwon et al. US 5,955,857 discloses an automatic material handling system comprising:

a rail (T);

an overhead shuttle (100c) movable along said rail;

a stocker (100a) comprising:

a body with a plurality of storage cells(Z);

a transfer device (100f) for moving objects to and from the shuttle and the cells;

wherein said rail (T) passes through the stocker body and overlaps input/output ports in the stocker;

wherein the transfer device directly places or directly removes the objects when the shuttle is located at the input/output port.

Regarding claim 7 Kwon et al. also disclose the rail passes through an upper portion of the stocker.

Response to Amendment

Art Unit: 3652

The amendments to the claims filed on August 17, 2006 have been entered into the record.

Response to Arguments

Applicant's arguments with respect to claims 4 and 7 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
